HOW TO REDUCE THE LEVY

Mayor Moore and Real Estate Men Begin a
Conference.

CHIEF EXECUTIVE WANTS TO BE FAIR

Large Delegations Clamoring for Re-
ductions Accomplish Nothing, So
a Smaller Body is Authorized
to Represent Taxpayers.

Mayor Moore yesterday afternoon con-
ferred with A. L. Reed, John W. Robbins
and Thomas Creigh, representing the
Omaha Real Estate exchange, concerning
the 34-mill levy agreed upon by the city
council. The conference was not con-
cluded yesterday and will be continued Monday
afternoon.

The real estate men so far have raised ob-
jection to but one item in the budget, that
of \$10,000 for a new house on Tenth
street. They believe this item can be elim-
inated, as the present Tenth street engine
house is fit for several more years of service.

Wednesday afternoon a committee of
fifteen members of the Real Estate ex-

"INCURABLE" HEART DISEASE SOON CURED.

During the last two or three years very
great improvement has been made in the
treatment of the different kinds of disease
of the heart. Cases formerly considered
incurable now rapidly recover. The well
known, specialist, Franklin Miles, M. D.,
L. L. B., of Chicago, will send his new in-
dividual Treatment free to any of our af-
flicted readers who will mention this paper.
This liberal offer is for the purpose of
demonstrating the great superiority of his
new system of treatment for heart trou-
bles, such as short breath, pain in the side,
oppression in the chest, irregular pulse,
palpitation, smothering spells, puffing
of the ankles or dropsy.

They are the result of twenty-five years
of careful study, extensive research and
remarkable experience in treating weak,
dilated, hypertrophied, rheumatic, fatty
neuritic hearts, each one of which requires
different treatment.

Rev. J. W. Stokessbury of Fallport, Mo.,
has had heart trouble for many years. He
nervous prostration. Three physicians
failed to help him. He writes: "I regard
myself cured."

change called to discuss the matter, but
Mayor Moore requested that a small com-
mittee be selected, so that it would be
possible to go through the ordinance in de-
tail and discuss every portion of it. The
result was the conference which is now on.

Mayor Anxious to Be Fair.

"I am glad to consult with members of
the Real Estate exchange concerning a re-
duction of the levy, and if they can point
out to me any place where a cut can be
made without crippling the city I will be
very glad to act upon their suggestion,"
said the mayor. "Nothing can be ac-
complished by large committee, which
blindly insist that there be a reduction and
cannot show where to retrench."

"The delegation which appeared before
the council and clamored for a lower levy,
without pointing out how to secure it, has
demonstrated the uselessness of giving a
hearing to a lot of men who are not
thoroughly posted on the situation. The
committee from the Real Estate exchange
is composed of men who have been study-
ing the finances of the city and are pre-
pared to talk understandingly on the sub-
ject."

EXAMINING BOARD CREATED

Investigate into Qualifications of Non-
commissioned Officers for
Promotion.

One of the effects of the new army
bill, which has recently become a law, mat-
taining the army upon its present basis,
is the establishment of an examining board
at Fort Leavenworth, the duty of which
will be to examine non-commissioned of-
ficers and privates for promotion to second
lieutenants. About 500 such promotions
will be necessary in order to supply the
required number of commissioned officers.
Most of these will be used to equip the
ten new regiments—five of cavalry and five
of infantry—which are to be organized, and
some will be detailed to officer the proposed
artillery batteries.

Thursday Major Michie, stationed at
Omaha, wired to Washington a list of offi-
cers now at Fort Leavenworth available
for service upon the examining board, and
from this list the War department will ap-
point members of the commission.

SUICIDE OF OMAHA MAN

Loren L. Davis, Recently a Resident
of This City, Ends His Life
at Louisville.

According to dispatches received here,
Loren L. Davis committed suicide in a hotel
in Louisville, Ky., some time Wednesday.
This city had been his home for several
years, since his removal from Fremont,
where the early part of his life was spent.

It is said that he registered at Shel-
bach's hotel in Louisville on Tuesday. The
non-appearance of Davis alarmed the clerk
Wednesday and after failure to secure a re-
sponse to calls at his door it was broken
open.

Davis' body was found lying across
the bed, face downward, and the conditions
indicated that he had been dead fully fif-
teen hours. An empty bottle which had
contained chloroform lay on the bed beside
the body.

Davis' aged parents reside at 1507 Grace
street in this city and this son was their
main support. He first came here as a
brakeman on the Elkhorn between Fremont
and this city.

George C. Whitlock, for many years a
prominent builder and contractor of this
city, died at his residence, 124 South
Twenty-seventh street, at 10 yesterday
morning, after an illness of about two
years. He suffered from rheumatism and
a general breaking down of the system.

For two years, under a previous adminis-
tration, Mr. Whitlock was city building in-
spector. He figured rather prominently in
democratic politics and had a reputation for
upright dealing in all the associations of
his life. He stood high in the councils of
the Knights of Honor and was regarded as
one of the sound financial men of the city.
Mrs. Whitlock, three daughters and two
sons survive. The funeral arrangements
have not been completed, but it is thought
the funeral will be held Sunday.

NO SHOVELS AT PRESENT

Mayor Says Snow Will Be Left on
Streets, but Cleared at In-
tersections.

No snow will be removed from the streets
of Omaha at present, Mayor Moore has in-
structed the street commissioner to allow
the snow to remain on the streets and this
morning a force of men will be put at work
to clear the street intersections and open
the gutters. Where the snow is piled high
in the streets the ridges will be leveled.
The mayor is of the opinion that the snow
is not heavy enough to make it necessary
to haul it off the streets.

FAILURES IN MATRIMONY

Wives and Husbands Who Appear in
District Court with Troubles
to Relate.

Cora Fillman, who was married to Wil-
liam Fillman at Council Bluffs in 1886, has
begun suit for divorce. She says her hus-
band is a drunkard and has frequently
treated her cruelly. On one occasion, she
alleges, he threatened to kill her.

Jacob and Bertha Landberg were mar-
ried at Cincinnati in 1894. Jacob now re-
sides in the district court that his wife has
left him and he wants the matrimonial
bond severed.

Judge Fawcett has entered a decree of
divorce in favor of Kate M. Wilkins against
Hardin H. Wilkins. Desertion was the cause.

CONDUCTOR M'CAFFERY DEAD

Expires at St. Joseph's Hospital
from Results of an
Accident.

Charles McCaffery, the Union Pacific
freight conductor who was crushed between
two cars at Millard early Thursday morn-
ing, died yesterday afternoon at St. Jo-
seph's hospital from the effects of the in-
jury. No inquest is to be held, as the
cause of death is apparent. Mr. McCaffery
lived at the corner of Eleventh and Arbor
streets and is survived by a wife and three
children. Funeral services will be held
this morning at 9:30 o'clock in St. Pat-
rick's church and burial will be in Holy
Sepulchre cemetery.

COFFEE KNOCKED HIM.

Couldn't Move for Four Hours After
Drinking Two Cups.

When coffee drinking affects a man's
health so badly that he has to be put to
bed for four hours after drinking two cups
at dinner, it is high time he quit.
That was the experience of Mr. Hood, in
Geneva, Mich. His wife writes: "I con-
sider that Postum saved the life of my
husband. For two years he had been
troubled with his heart and kept getting
worse. I finally induced him to make the
experiment of leaving off coffee and taking
Postum Food Coffee, and he improved
rapidly, but one day he drank two cups
of strong coffee for dinner and had to lie
on the bed four hours before he could
move, since that time no coffee is used,
but Postum altogether. He has entirely
recovered his health, has no more trouble
with his heart, and says he likes Postum
better than he ever did like the old-fash-
ioned coffee."

HANS ALBERT IS NOT DEAD

Telegram Announcing Musician's
Demise Proves to Be
a Fake.

Investigation made by The Bee discloses
that telegram from St. Joseph announcing
the death of Hans Albert, an Omaha mu-
sician in that city, are not based on facts.
Albert was interviewed in St. Joseph yester-
day afternoon by a representative of The
Bee and the musician declared he was never
in better health. The report of Albert's
death gave rise to much regret among his
many admirers in this city.

DOWNY FLAKES A-PLENTY

Snowfall is Reported to Be Gen-
eral Throughout This
Country.

The snow storm which arrived here
Thursday evening is general throughout the
upper lake region, the central valley and
the west and is moving eastward. Snow
began falling about 9 o'clock Thursday
evening.

The main features of the storm is the
moderate amount of snow and the entire
absence of high winds. This latter fact
has made it easy for the railroads and
street car lines to meet the difficulty and
nearly all trains are arriving on time. The
street car officials have worked faithfully in
keeping the traffic moving.

KELLY IS ON THE CARPET

South Omaha Saloon Keeper in Court
for Alleged Embezzle-
ment.

John F. Kelly, formerly a saloonkeeper
at South Omaha, is on trial in the district
court on a charge of larceny. Metz Bros.
assert that he appropriated to his own use
\$500 of their money, which had been placed
in his hands by them for the purpose of
cashing packing house checks. Kelly's
defense is that he borrowed the money from
Metz Bros. and did not handle it for them
as their agent.

George and Helen Are Receivers.
ST. LOUIS, Feb. 8.—Judge Lacombe in the
United States circuit court today ap-
pointed George J. Gould and Helen M.
Gould, an Austrian creditor, receivers of
Castellana in excess of \$200,000 per year.
This action was taken in a suit brought by
Fuchler, an Austrian creditor, against
Countess de Castellana and against George
J. Gould, Edwin Gould, Harlow Gould and
Helen M. Gould, as executors and trustees
under the will of J. Jay Gould.

Carnegie Gives Another Library.
DETROIT, Ill., Feb. 8.—George A. Stand-
er today received a letter from James
Buttram, private secretary of Andrew Car-
negie, stating he was authorized to say
that if the city of Detroit was to provide
a site and agree to spend not less than
\$50,000 a year for the maintenance of a li-
brary Mr. Carnegie will give \$50,000 for the
furnishing of such a building. The city will
accept.

Fred Metz Remains the Same.
There is no appreciable change in the
condition of Fred Metz, Jr. His physician
reports that he is much the same as he
has been for the last four or five days.

CARNEGIE NOT AFTER CASH

He is Said to Be Willing to Surrender
His Stock for Five Per Cent
First Lien Bonds.

PITTSBURG, Feb. 8.—Financial and steel
men of Pittsburgh are anxiously awaiting
further information from New York rela-
tive to the Carnegie deal, but not a word
came here today that gave any intelli-
gence as to what progress is being made
by the Morgan syndicate. It is learned from
private sources that very little cash will
be required to consummate the deal. If
the plans go through Mr. Carnegie will
withdraw entirely from the affairs of the
Carnegie company, taking for the transfer
of his stock a sum exceeding \$55,000,000
in guaranteed 5 per cent bonds, which are
to be a first lien on the Carnegie and other
properties.

Gossip centers now mostly on the price
that will be paid for the \$5,000,000 shares
of stock. Two years ago H. C. Frick and
others, including ex-Judge W. H. Moore,
were correct in their estimate. They paid
\$1,000,000 in hard money, failed to
complete the deal and lost the \$1,000,000.
At that time Carnegie stated that the next
time he set a price it would be high. This
statement is being referred to as evidence
that the price placed is considerably above
the par value of \$1,000 a share. It is un-
derstood in the Carnegie building that Mr.
Carnegie has taken steps to protect the
interests of his younger partners. One of
the few officials of the company who could
be seen today said in relation to the report
that Mr. Frick that the minority stock-
holders had taken steps to block the deal.
"The report is not true. From Mr. Car-
negie's statements in the meetings I am
certain that he will do nothing of the kind
without first taking full measures to pro-
tect the men whom he always affectionately
referred to as his 'younger partners.' I do
not think that the reports which con-
nect the name of H. C. Frick with protests
are correct. The latter has been in his of-
fice here for the last two weeks, busy with
his real estate matters."

STEEL COMPANY'S STATEMENT

Disclaims that Morgan Will Create
Any Trust or Disturb Present
Financial Conditions.

NEW YORK, Feb. 8.—A Wall street news
agency reports that the following statement
was obtained today at the office of the
Federal Steel company:
J. P. Morgan & Co. are undoubtedly con-
sidering plans for the acquisition of the
properties of some of the largest iron and
steel companies of this country. Presuma-
bly they will not make or authorize any
official statement until after the plan is
perfected. It is probable there will be
some withdrawal of other money to secure
perfect and permanent harmony in the
larger lines of this industry.

It is not intended, however, to obtain con-
trol of any line of business, or to create
any trust, or to do in any way antagonize
any part of the law. The method to be
adopted in acquiring properties will not
seriously influence him otherwise. He
will be fully protected in any event. The
great benefit to the investor in securities,
the consumers and the workmen, or em-
ployees, will be the result of the present
financial conditions.

According to the Evening Post the above
statement from the Federal Steel company
was made by ex-Judge Gary, chairman of
the board of directors, who said he gave it
out because it had been insistently re-
quested by the newspapers.
